

MAC PAPERS

Wide Format

Banner Stands & Displays

Wide format ideas to power your business.

Count on Mac Papers for all of your wide format needs.

Whether you are a commercial printer, sign company or wholesale printer, you can count on Mac Papers for all of your wide format needs, from media and equipment to training and expert technical service. We partner with the top names in wide format media to ensure we have the materials you want available at our branch locations throughout the Southeast.

Mac Papers also offers its exclusive Argent® line of digital banner materials, pressure-sensitive digital vinyls, UV laminates, digital imaging papers and rigid media.

We represent the leading printing and finishing equipment providers in the industry including Roland, Mimaki and Epson, and support the equipment we offer with training and expert technical service. We also provide customers with hands-on equipment and media experience at our Wide Format Demo Center in Orlando and through special events at our branch locations.

For more information, please visit **macpapers.com/wideformat** or call **844.MAC.WIDE** (622.9433).

Argent® Digital Roll-Up Banners

Our Argent® digital roll-up banners include options in several sizes and weights.

Features and Benefits

Applications: ideal for banner stands, point-of-purchase (POP) signage, trade show graphics

Durability: Exceptionally sturdy with a smooth front and back to create a stable printing surface

Consistent White Point: all items are measured to specific L*a*b values before passing production standards

Appearance: the use of “hot knife” finishing equipment eliminates frayed edges and unwanted fibers

Ink Compatibility:

Solvent

Eco Solvent

Latex

UV

ROLL-UP BANNERS:

Banner Stands

- 2-16 Retractable Banner Stands
- 17-20 Tension Banner Stands
- 21 Outdoor Banner Stands

Banner stand quality has been determined using a five-star ranking system.

The banner stand quality rating takes into account quality and specifications of materials and components used in the construction of the stand, its ability to stand up to intended performance level when in use, the features that the stand offers, and its overall usability.

This ranking system helps determine which banner stand is appropriate for the intended application.
